

To the patients of Midwest SpineCare

Because of the unhealthy malpractice climate in Illinois, rising business costs, and further reductions in payments to surgeons by insurance carriers, I have had to make the painful decision to close this office in Tinley Park. Instead, we will start office hours on Tuesdays at our Dyer office in July so I invite to you to see us there on either Tuesday or Thursday. And while going to Dyer may mean longer travel time for some of you, I am confident you will find it worth the effort. We are expanding our facility and adding amenities to make your experience the most convenient and pleasant as possible. In these challenging times, we all have to make hard choices, but please feel assured that I will continue to provide the best care possible. While I am closing the Tinley Park office, I will still be on staff at Advocate South Suburban Hospital.

Thank you for your understanding.

Mark K. Chang, MD
